Will is the root, knowledge the stem and leaves, and feeling the flowers.

IT IS AN ERRONEOUS IDEA that discase cannot be cured except by taking large ral ticket was formed. The Coali-quantities of medicines into the stomach, in a tion Democrats are said to be dissatquantities of medicines into the stomach, in a great many cases of which much fajury is stone, although the disease in point be actually cured. The coats of the stomach by continued use of nauscating mixtures, frequently become so much disordered that the digestice function is seriously injuned—the result of which is dyspection. pepaia, nervousness, cholics, alternate diarri pepaia, nervousness cholics, alternate diarrhea and costiveness, flatulence, nightmare, etc. etc. Would it not, therefore, be very desirable to possess a remedy, which being applied externally would excite the absorbents to increased action, and thus carry off through this medium, the deleterious principle which is the direct cause of the disease! Surely every thinking man will admit that this would not only be the most pleasent, but by far the safety means to most pleasme, but by for the safest means to effect the desired end. The almost superbuman cures performed by the Arabian physi-cians in the days of old were mainly effected by this course of treatment, and the ingredi-ents of which H. G. FARRELL'S CELE-BRATED ARABIAN LINIMENT is composed, are extracted from rare plants pecutiar
to Arabia. This great Liniment (which is
now to be had of most respectable druggists
and murchants in every town in the United
States) is daily effecting curse which seemed
beyond the power of medicine to control—consumption, bron-shitis and liver complaints in
their first thread to the control—indicate their first stages, nervous affections, indiges-tion, enlargement of the spleen, scrofulous tumors, guitre, etc., etc., are frequently cured, and always relieved by its use. It is unsurpassed as an anodyne—relieving severe pains in a few minutes after its application, it southes the irritated nerves, and produces that delightful tranquillity so grateful, to the nervous invalid. Sprains, bruises, wounds, burns, sore throat, chilbiains, rheumatism, sun pain, etc., etc., are speedily cured by it, and for nearly all attenents in horses of cattle, requiring an ex-ternal application, it is an effectual remedy.

Look out for Counterfeits!

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterferts, because his having the name of Farrell, many will 45, and super-extra 3 50a 3 60. buy it in good faith, without the knowledge that
